Education	University of Michigan , Ann Arbor, MI <i>Bachelors of Science in Engineering, Computer Science Engineering</i> <ul style="list-style-type: none">• GPA: 3.47/4.00• CONCENTRATION: Minor in Mathematics	Class of 2014
------------------	--	---------------

Research Experience	Research Assistant , <i>under Professor J. Alex Halderman</i> www.zmap.io <ul style="list-style-type: none">• Maintain ZMap, the Fast Internet Scanner.• Building a search engine for ZMap scan datasets to facilitate broader access to Internet-wide measurement data in order to find, track, and patch security problems.	2013 - Present
----------------------------	--	----------------

Whisper Project , <i>under Professor Robert P. Dick</i> www.whispercomm.org <ul style="list-style-type: none">• Developed an Android framework (MANES) for testing feasibility, routing protocols, and location profile systems of large-scale mobile ad-hoc networks.• Built a user-friendly censorship-resistant communication Android application on top of MANES, called Shout.• Managed, lead, and collaborated with other students during the project.	2011 - 2013
--	-------------

Work Experience	Software Engineering Intern , <i>Duo Security</i> www.duosecurity.com <ul style="list-style-type: none">• Offered two-factor authentication as-a-service, using mobile phones as the second authentication factor and push notifications for login approval.• Grew various Python backend subsystems to support new features; handled all bugs, feature requests, and security considerations for the Duo Unix client.• Wrote a patch for OpenSSH to securely allow third-party authentication plugins.	2013
------------------------	---	------

Network Technician , <i>CAEN</i> <ul style="list-style-type: none">• Maintained UM College of Engineering computer network, IP/DNS space, including deploying over 700 wireless access points.	2011 - 2012
---	-------------

Teaching Experience	Instructional Aide , <i>EECS 280: Programming and Data Structures</i> <ul style="list-style-type: none">• Lead a weekly discussion section where students work through example C++ coding problems in a collaborative setting.• Hold weekly office hours to help students debug programming projects and understand concepts from lecture.	2013 - Present
----------------------------	--	----------------

Leadership and Honors	Member Eta Kappa Nu (HKN) , Beta Epsilon Chapter AP Scholars Program Chair , Michigan CSE Scholars	2013 - Present 2012
------------------------------	---	------------------------

Computer Skills	<ul style="list-style-type: none">• Languages: C, C++, Java, Python, Javascript, PHP, L^AT_EX, HTML/CSS• Platforms/Frameworks: Android, Unix, Node.js, Tornado/Cyclone/Twisted• Databases: MySQL, SQLite, MongoDB, Redis, Voldemort, neo4j• Learning: Haskell	
------------------------	--	--
